**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

As a consumer I support broadband competition. We cannot have big telecom companies monopolize the access to internet and stifle competition. Multiple providers competing is not only healthy for the consumer market it is also a catalyst for technological innovation. Broadband has become such an integral part of every citizen's daily life we can ill afford to have FCC rule in favor of big telecom business and cast aside the concerns and welfare of consumers as well as small business.
